## STUDIO HOURS

The day begins at **8:30am** and ends at **5:30pm**. You are always welcome to stay as late as you need to, however, overtime charges will apply. Overtime charges occur when the studio is occupied before 8:30am or after 5:30pm. The last person to leave the studio must notify us in the office so we can "stop the clock" and sign you out.

Please notice that we've kept our overtime rates very reasonable. You can take the time you need without worrying about exorbitant OT charges.

## FREIGHT ELEVATOR

The length is 77 1/2". The width is 54 1/2". The ceiling height is 92". The door to the freight elevator is 39 3/4" wide and 80" high. One 4' x 8' sheet of plywood will just fit into the elevator diagonally. A 12' long backdrop will not fit into the freight elevator and will have to be walked up the stairway.

The address to our freight elevator is **170 Crosby St**. The freight entrance is open from 8:30am - 4:45pm. After 4:45pm the door will be closed, but if you press the buzzer, we will be happy to open it up at any time. All freight (large boxes, hand trucks, dollies, garment racks, etc.) must enter and exit the building via the freight elevator.
